**Excelitas Technologies® to Showcase UV Curing and Illumination Solutions  
for Medical Device Manufacturers at MD&M West**

**WHO:** [Excelitas Technologies® Corp.](#), a global technology leader delivering innovative, customized photonic solutions, will highlight its wide variety of UV curing and illumination products for medical applications at [MD&M West](#).

**WHAT:** Featured products on display at Excelitas' MD&M West Booth #3228 include:

- [OmniCure® LX500 UV LED Spot Curing System](#): Featuring up to four LED heads with up to 16W/cm<sup>2</sup> peak irradiance and proprietary feedback technology, LX500 provides unmatched optical stability via Intelli-Lamp® LED technology for consistent and repeatable assembly of medical devices with lower costs. OmniCure LX500 is ideal for use in medical devices such as catheters, cannulas, endoscopes and syringes.
- [OmniCure S2000 UV Spot Curing Lamp System](#): The OmniCure S2000 UV Curing System is ideal for precision adhesive curing in a variety of industries, particularly medical device bonding applications. The OmniCure S2000 provides fast and strong cures of UV adhesives, which results in superior product quality, rapid production and lower manufacturing costs.
- [OmniCure AC8-HD \(High Dose\) Series of UV LED Curing Systems](#): Offering higher optical power and enhanced performance in the same air-cooled mechanical enclosure as their AC8 and AC9 predecessors, AC8-HD Systems deliver over 50% more dose with unprecedented optical uniformity. Excelitas' patented control technology for addressing individual UV LED modules enables an outstandingly tight irradiation across the UV emitting length, as well as between heads. These light sources are ideal for large area curing of a variety of medical applications.
- [X-Cite® Vitae™ Illumination Solutions for OEM Applications](#): X-Cite delivers illumination solutions with flexible design and best-in-class manufacturing quality to meet the most demanding OEM applications. X-Cite Vitae LED Platforms offer easily integrated, customizable illumination for high precision medical and diagnostic applications.

**WHEN:** February 5 – 7, 2019

**WHERE:** [Anaheim Convention Center](#), Anaheim, CA. Excelitas Booth #3228.

**About Excelitas Technologies**

Excelitas Technologies® Corp. is a global technology leader focused on delivering innovative, high-performance, market-driven photonic solutions to meet the lighting, detection and optical

technology needs of global customers. From biomedical technology to research laboratory, safety and security, consumer products, semiconductor, energy and environment, industrial sensing & imaging, defense and aerospace, Excelitas Technologies is committed to enabling our customers' success in their end-markets. Excelitas Technologies acquired Qioptiq and Lumen Dynamics in 2013 and now has approximately 6,700 employees in North America, Europe and Asia, serving customers across the world. Connect with Excelitas on [Facebook](#), [LinkedIn](#) and [Twitter](#).

Excelitas®, OmniCure® and X-Cite® are registered trademarks, and Vitae™ is a trademark of Excelitas Technologies Corp. All other products and services are either trademarks or registered trademarks of their respective owners.
