Excelitas Technologies to Display OmniCure® UV LED Curing Systems at IWCS International Cable & Connectivity Symposium

WHO: [Excelitas Technologies® Corp.](#), a global technology leader delivering innovative, customized photonic solutions, will showcase the latest additions to its OmniCure® UV LED Curing Systems at the [IWCS International Cable & Connectivity Symposium](#) in Orlando, FL.

WHAT: Featured curing systems at Excelitas booth 408 include:

- [OmniCure AC8225-F+ UV LED Curing System](#): Excelitas' compact, air-cooled UV LED curing system features a custom optical design that delivers outstanding performance, exceptional cost savings and easy integration of fiber optic coatings. OmniCure AC8225-F+ provides high irradiance – up to 16W/cm² at 10-15mm working distances – for rapid, even curing of fiber optic coatings with greatly reduced electrical power consumption compared to current lamp solutions. It is ideal for display bonding and fiber coating applications such as wire, cable and fiber optic cables.
- [OmniCure LX500 UV LED Spot Curing System](#): Featuring up to four LED heads with up to 16W/cm² peak irradiance and proprietary feedback technology, OmniCure LX500 provides the highest irradiance available with unmatched optical stability for consistent and repeatable industrial manufacturing.

Excelitas will also highlight its new curing innovations during the IWCS New Product Introduction Forum.

WHEN: IWCS 2017: October 8 – 11, 2017

Excelitas New Product Introduction Presentation: October 9, 2017 – 4:45 p.m.

WHERE: [Gaylord Palms Resort & Convention Center](#), Orlando, FL, Excelitas booth 408.

###

About Excelitas Technologies

Excelitas Technologies Corp. is a global technology leader focused on delivering innovative, high-performance, market-driven photonic solutions to meet the lighting, detection and optical technology needs of global customers. From biomedical technology to research laboratory, safety and security, consumer products, semiconductor, energy and environment, industrial sensing & imaging, defense and aerospace, Excelitas Technologies is committed to enabling

our customers' success in their end-markets. Excelitas Technologies has approximately 5,500 employees in North America, Europe and Asia, serving customers across the world. Connect with Excelitas on [Facebook](#), [LinkedIn](#) and [Twitter](#).
