**Excelitas Technologies to Highlight OmniCure® UV LED Curing Systems
at InPrint Industrial Print Show**

WHO: [Excelitas Technologies® Corp.](#), a global technology leader delivering innovative, customized photonic solutions, will showcase new OmniCure® UV LED Curing Systems for industrial printing applications at [InPrint](#) in Milan, Italy.

WHAT: Recent additions to Excelitas' growing line of versatile OmniCure UV LED Curing Systems (Stand E58) include:

- [OmniCure ACX Series UV LED Curing Systems](#): Designed for the highest irradiance and fastest curing speeds, Excelitas' new water-cooled OmniCure ACX UV LED systems provide up to 30W/cm² irradiance in a compact form-factor. OmniCure ACX systems are ideal for high speed printing applications such as narrow web label printing.
- [OmniCure AC5 Series UV LED Curing Systems](#): Designed with high-output LEDs and custom optics, the OmniCure AC550/P and OmniCure AC575/P air-cooled UV LED curing systems provide high irradiance (14W/cm²), enabling manufacturers to achieve outstanding productivity and reduce running costs using LEDs with long lifetime and lower electrical consumption. Excelitas' OmniCure AC5 Series LED systems are ideal for curing inks, adhesives and coatings in printing applications such as labels, bar coding and package printing, and for industrial and electronics manufacturing applications.
- [OmniCure AC9 Series UV LED Curing Systems](#): The innovative design of Excelitas' OmniCure AC9 UV LED Systems includes a high-performing, small form-factor, air-cooled solution to enable faster line speeds in printing and industrial manufacturing. OmniCure AC9150, AC9150P, AC9225, AC9225P, AC9300 and AC9300P UV LED curing systems feature advanced front-end optics to provide high power, high peak irradiance of over 14 W/cm², and exceptional uniformity for fast curing of inks, adhesives and coatings.

WHEN: November 15 – 17, 2016

WHERE: MiCo – Milano Congressi, Milan, Italy. Excelitas Stand E58.

About Excelitas Technologies

Excelitas Technologies Corp. is a global technology leader focused on delivering innovative, high-performance, market-driven photonic solutions to meet the lighting, detection and optical

technology needs of global customers. From biomedical technology to research laboratory, safety and security, consumer products, semiconductor, energy and environment, industrial sensing & imaging, defense and aerospace, Excelitas Technologies is committed to enabling our customers' success in their end-markets. Excelitas Technologies has approximately 5,500 employees in North America, Europe and Asia, serving customers across the world. Connect with Excelitas on [Facebook](#), [LinkedIn](#) and [Twitter](#).
