

**MEDIA ADVISORY**

**September 7, 2016**

**Excelitas Technologies to Highlight OmniCure® Curing Systems at MD&M Minneapolis**

**WHO:** [Excelitas Technologies® Corp.](#), a global technology leader delivering innovative, customized photonic solutions, will showcase its latest high-performance UV curing solutions for medical applications at [MD&M Minneapolis](#).

**WHAT:** Products on display at Excelitas' exhibit (Booth #2235) include:

- [OmniCure® LX500 UV LED Spot Curing System](#): Featuring up to four LED heads with up to 16W/cm<sup>2</sup> peak irradiance and proprietary feedback technology, the LX500 provides unmatched optical stability for consistent and repeatable assembly of medical devices with lower costs.

[OmniCure S2000 UV Spot Curing Lamp Systems](#): Excelitas' S Series UV curing systems are ideal for precision adhesive curing in a variety of industries, including medical device bonding applications. The OmniCure S2000 provides fast and strong cures of UV adhesives, which results in superior product quality, rapid production and lower manufacturing costs.

- [OmniCure AC4 Series UV LED Systems](#): With a unique combination of high-output LEDs and custom optics, the OmniCure AC450 and OmniCure AC475 air-cooled UV LED systems provide high irradiance (>8W/cm<sup>2</sup>) at flexible working distances. OmniCure AC4 Series systems enable manufacturers to achieve outstanding productivity with reduced running costs for medical device assembly.
- [OmniCure AC5 Series UV LED Systems](#): Designed with high-output LEDs and custom optics, the OmniCure AC550/P and OmniCure AC575/P air-cooled UV LED curing systems provide high irradiance (14W/cm<sup>2</sup>) for achieving faster line speeds and increased flexibility in medical manufacturing.

**WHEN:** September 21 – 22, 2016

**WHERE:** Minneapolis Convention Center, Minneapolis, MN. Excelitas Booth #2235.

###

**About Excelitas Technologies**

Excelitas Technologies Corp. is a global technology leader focused on delivering innovative,

high-performance, market-driven photonic solutions to meet the lighting, detection and optical technology needs of global customers. From biomedical technology to research laboratory, safety and security, consumer products, semiconductor, energy and environment, industrial sensing & imaging, defense and aerospace, Excelitas Technologies is committed to enabling our customers' success in their end-markets. Excelitas Technologies has approximately 5,500 employees in North America, Europe and Asia, serving customers across the world. Connect with Excelitas on [Facebook](#), [LinkedIn](#) and [Twitter](#).

Excelitas® and OmniCure® are registered trademarks of Excelitas Technologies Corp. All other products and services are either trademarks or registered trademarks of their respective owners.
