Excelitas Technologies® to Display LED UV Curing Innovations at Eastern Coatings Show

WHO: [Excelitas Technologies® Corp.](#), a global technology leader delivering innovative, customized photonic solutions, will highlight its latest OmniCure® LED UV curing systems at the [Eastern Coatings Show](#).

WHAT: Featured products at Excelitas' exhibit, located at booth #204, include:

- [OmniCure AC8-HD \(High Dose\) Series of LED UV Curing Systems](#): Offering higher optical power and enhanced performance in the same air-cooled mechanical enclosure as its AC8 and AC9 predecessors, the AC8-HD delivers over 50% more dose with unprecedented optical uniformity. Excelitas' patented control technology for addressing individual LED UV modules enables an outstandingly tight irradiation across the UV emitting length, as well as between heads. The light source is ideal for large area curing of coatings, inks and adhesives.
- [OmniCure AC5 Series LED UV Curing Systems](#): Designed with high-output LEDs and custom optics, OmniCure AC550/P and OmniCure AC575/P air-cooled LED UV Curing Systems provide high irradiance (14W/cm²), enabling manufacturers to achieve outstanding productivity and reduce running costs using LEDs with long lifetime and lower electrical consumption. OmniCure AC5 Series LED UV Systems are ideal for curing coatings, adhesives and inks in applications such as wood, print, glass and plastic, providing high quality and consistent curing results.
- [EFSEN's P-LED with ICAD® Technology](#): The solution for ultimate process stability in UV LED production for the coating industry, P-LED with ICAD Technology, enables inline and automated power level adjustment for a uniform and specific power distribution over the full UV LED array. ICAD offers the benefit of continuous monitoring during production. ICAD uses OmniCure's AC Series of patented module addressability to control and provide precise and specific power output.

Company experts will be on site or available by phone in advance of the conference to provide updates on its innovative LED UV curing solutions.

WHEN: May 15 – 16, 2019

WHERE: [Harrah's Resort Conference Center](#), Atlantic City, NJ.
Excelitas Booth #204

About Excelitas Technologies

Excelitas Technologies® Corp. is a global technology leader focused on delivering innovative, high-performance, market-driven photonic solutions to meet the lighting, optronics, detection and optical technology needs of global customers. Serving a vast array of applications across biomedical, scientific, safety, security, consumer products, semiconductor, industrial manufacturing, defense and aerospace sectors, Excelitas Technologies stands committed to enabling our customers' success in their end-markets. Excelitas Technologies has approximately 6,700 employees in North America, Europe and Asia, serving customers across the world. Connect with Excelitas on [Facebook](#), [LinkedIn](#) and [Twitter](#).

Excelitas® and OmniCure® are registered trademarks of Excelitas Technologies Corp. All other products and services are either trademarks or registered trademarks of their respective owners.
